Survey of Foreign Periodicals Suggested for Indexing.

The attached list of foreign periodicals represents those titles which are not systematically indexed according to available information. Of the titles listed, those prefixed with an asterisk were selected from Foreign Language Serial Publications received and screened by Foreign Documents Division, March 1951. The others were suggested by the organizations indicated. The countries listed were illustrative of the indexing problem in those areas, not according to strategic importance.

To ascertain the relative importance of each title, interviews were conducted with the appropriate area specialists in FDD, OCI, IC and Department of State. Their opinions of each title are indicated on the attached list by the following symbols:

- O - Not selected for indexing
- X - Selected for indexing
- XX - Important, selected for indexing
- ? - Of possible consideration for indexing
